PROFESSIONAL SUMMARY

Web developer with 6+ years of experience building and maintaining business web applications: enrollment, billing, payments, grading, and approval workflows. Works with Python, JavaScript, SQL, and MariaDB, including REST APIs, permissions, and supporting production systems. Most of this work was built on the Frappe framework. Progressed from Junior to Senior Web Developer, and now works as Product Owner on the school management system and ERP Livro alongside hands-on development.

TECHNICAL SKILLS

Programming: Python, JavaScript, TypeScript, SQL, HTML5, CSS

Frontend: React, Tailwind CSS

Databases: MariaDB

APIs and integrations: REST APIs, Online Payments, SMS Billing Gateway Integration, Role Permissions, User Access Management

Frameworks and ERP: Frappe Framework, ERPNext, ERP Livro

DevOps / Infrastructure: Linux, Docker, CI/CD

Tools: Git, GitHub, Vitest, Playwright

Business Domains: Enrollment, Billing, Payments, Grading, Employee Workflows

PROFESSIONAL EXPERIENCE

Product Owner

Livro Systems, Inc. | January 2026 – Present

- Develop and maintain features on the school management system and ERP Livro, including employee onboarding, offboarding, and user access requests.
- Maintain online enrollment forms and payment allocation.
- Updated the SMS billing gateway from Smart to Globe.
- Delivered updates for enrollment status, tellering, billing, and SMS sent from the school system.
- Own the school management system and ERP Livro, continuing delivery with the team.

Senior Web Developer

Livro Systems, Inc. | April 2025 – December 2025

Senior Web Developer

Wela School Systems | February 2024 – March 2025

- Delivered tellering and billing features covering payment status, fee allocation, matriculation, discounts, and statements of account.
- Delivered pre-enrollment and enrollment for basic education and college, including enrollment status.
- Maintained grading and SMS billing.
- Configured access for finance and registrar users.

Mid-Senior Web Developer
Wela School Systems | September 2023 – February 2024

- Maintained school billing on live production sites, including ledger adjustments, discounts, and statements of account.
- Updated matriculation so excess discounts are credited to previous balances.

Junior Web Developer
Wela School Systems | March 2020 – September 2023

- Built online enrollment forms for admissions, from 2020.
- Built grade slips and grading rules.
- Built college billing covering matriculation, fees, and the enrollment ledger.

SELECTED SYSTEMS / PROJECT EXPERIENCE
